Literacy for Real: Reading, Thinking, and Learning in the Content Areas (Language & Literacy Practitioners Bookshelf) ReLeah Cossett Lent

"This is an immensely hopeful and forward-looking book with immediate applications. It provides a very useful and reassuring toolbox in a time of challenge and change, of problems and possibilities."

-- From the Foreword by **Jeffrey Wilhelm**, Boise State University, author of "*You Gotta BE the Book*,"
Second Edition

Written for the busy practitioner by an experienced professional development consultant, writer, and speaker, *Literacy for Real* is a hands-on guide to meaningful reading across the content areas of math, science, and social studies in grades 6-12. It presents key information that addresses all types of 21st century literacy--visual, digital, and print--in an easy-to-use format. The book centers on classroom practices and strategies for helping students tackle the reading required for subject-area study. Chapters focus on engagement, vocabulary, comprehension, and critical reading, and each includes sample activities as well as a list of resources. Avoiding the one-size-fits-all model, this guide instead offers foundational practices based on what we know about learning.

- * Research-based strategies for content-area reading instruction, with a focus on student engagement.
- * Features online, multimedia texts for today's 21st century classrooms.
- * Interactive lessons that teachers can adapt to their own needs.
