Eurydice is a Scottish girl about to head off to college, an exciting time when everything should be happy. Her life isn't perfect -- not even close -- but she has people who love her, including Axel, that strange boy she can't quite figure out. A twist of fate traps Eurydice in an eerie world much like the one she knew, but with very different rules. It takes her some time to realize that her new companions are famous literary characters: Sherlock Holmes, Dracula, Frankenstein. . . Their lives, and Eurydice's own, hang in the balance. Her only chance is to find out who or what is devouring the Sphere of creation before it disappears. Are you ready? Every book you know might disappear.
