**From the bestselling authors of *Last Hit* and *Last Breath* comes the next dark and sensual tale in the Hitman series that crosses the line between danger and desire...**

**Naomi:** When I was kidnapped I thought only of survival. I don't thrive well in chaos. That's why I gave my captors exactly what they wanted: my skill with computers. Making millions for a crime lord who kept me imprisoned in his basement compound kept my family safe. When he was taken out, I thought my ticket to freedom had arrived. Wrong. I traded one keeper for another. This time I'm in the hands of a scarred, dark, demanding Russian who happens to be the head of the Bratva, a Russian crime organization. He wants my brain and my body. I'd be lying if I said I wasn't intrigued, but I can't be a prisoner forever...no matter how good he makes me feel.

**Vasily:** At a young age, I was taught that a man without power is a puppet for all. I've clawed—and killed—my way to the top so that it is my heel on their necks. But to unify the fractured organization into an undefeatable machine, I need a technological genius to help me steal one particular artifact. That she is breathtaking, determined, and vulnerable is making her more dangerous than all of my enemies combined. But only I can keep her safe from the world that she now inhabits. Soon, I must choose between Naomi and Bratva law. But with every day that passes, this becomes a more impossible choice.
