Ghost Heart John Palisano

Live fast, die young, and leave a bloodthirsty corpse.

That's the saying of a new pack of fiendish predators infesting a New England town. They're infected with the Ghost Heart, a condition that causes them to become irresistible and invincible...as long as they drink the blood of the living. But these vampires don't live forever, and as the Ghost Heart claims them, their skin loses color and their hearts turn pale. When a young mechanic is seduced by the pack's muse, he finds falling in love will break more than his heart.
