Ecological Economics and Harmonious Society (Research Series on the Chinese Dream and China's Development Path)

Ecological Economics and Harmonious Society (Research Series on the Chinese Dream and China's Development Path)

This book is mainly about the examination of shifting in the field of ecological economics resulting from its evolution over the past three decades. It discusses the theory and methodology of ecological economics and development of ecological economics and related policies. It also analyzes the empirical study of ecological economics and the value of and compensation for ecological system services. Successfully combining theory and concrete practical guidelines, the book offers a valuable resource for all those active in this dynamic field.
