## **Water from the Sacred Well** Gary R. Varner

An illustrated exploration of the folklore and mythology of sacred water found throughout the world. A companion volume to Sacred Wells, Water From the Sacred Well continues the quest for the underlying sacredness associated with water and the universal themes found in folklore and religious traditions from around the world. Blending personal exploration with archaeology, folklore, and ancient traditions, Water From the Sacred Well takes the reader on a fascinating trip to surreal lakes, hot springs, and rivers in search of the spirit helpers, demons, faeries, mysterious Black Dogs, Women in White, Water Babies and the gods and goddesses that are part of this story. Water From the Sacred Well connects common themes found in water lore to sites around the world. Varner provides a glimpse into the world of spiritual development and the continuing rituals and traditions associated with life-giving waters and how these traditions continue to create a need for sacred space.
