Haga Feliz a su Bebe...Pero No Lo Consienta (Raising a Happy, Unspoiled Child) (Spanish Edition)

Burton L. White

Ya lo convencieron de que los "terribles dos años" y los berrinches en el supermercado son inevitables? Le preocupa que su bebé se convierta en uno de esos niños llorones y consentidos que no soporta ver en los restaurantes? El doctor Burton L. White, cuyo ya clásico libro *Los Primeros Tres Anos de Vida* ha sido aclamado en el mundo entero, lo libraré de preocupaciones poniendo a su servicio décadas de investigación en la materia que demuestran la existencia de cinco etapas en el aprendizaje y la socialización de los niños y ofreciéndole abundantes consejos prácticos para resolver situaciones muy comunes que pueden poner en peligro el desarrollo social de su hijo.

En esta descripción, única en su género, de la manera en que un bebé inicia su evolución como ser humano, el doctor White le enseñará mes a mes a conducir acertadamente a su hijo desde sus primeros días de vida y a través de las fascinantes etapas de su desarrollo social y emocional. En *Haga Feliz a su Bebé...!* hallará sugerencias para:

- detectar el surgimiento y evolución del llanto intencional y saber cómo responder a él
- controlar las horas de sueño
- ayudar a su hijo a manejar la ansiedad de extrañeza, la ansiedad de separación y la rivalidad con sus hermanos
- enfrentar las pruebas de sus propios límites a las que todos los niños someten inevitablemente a sus padres
- disciplinar a su hijo con eficacia y sentido humano.

Haga Feliz a su Bebé...! le permitirá establecer una relación muy afectuosa y tranquila con su hijo y evitar el clásico "estira y afloja" de la vida familiar. Este libro debería ser de lectura obligada para todos los padres y madres que desean lo mejor para sus hijos desde los primeros días de su existencia.
