Can their bond withstand the test of time?

Lauren isn't looking for love when she spends a scintillating night with Reid, the sexy keyboardist of Thane's Redemption. While their passion may be off the charts, her trust issues--and Reid's secret life as a time-traveling covert agent--makes any chance for a relationship impossible.

When operatives involved in a mysterious project begin dying, Reid defies orders and travels alone into the future to find the cause. But when things go dangerously awry, it takes all of his strength to get himself back to safety--and directly onto Lauren's doorstep. While neither of them remembers their night of passion, their intense connection leads Lauren to help him. But as Reid's memories reignite, will he be forced to sacrifice everything to finish his mission--including the woman he loves?
