## **A Secret Life in Boston: A Comparative Reading of Nineteenth-Century American and Victorian Erotica** Wendy de Laat

A few keywords that are often linked to sexuality during the Victorian Era are: repression, morality, and obscenity. The general consensus is that sexuality and erotica were severely repressed during the nineteenth century; sexuality belonged to the private domain and was supposed to be between a man and a woman. One might assume that a society with strict moral and puritan values would not produce erotic literature. Although nineteenth-century American erotica is scarce, mainly because of the various obscenity laws that were put in place by the U.S. Supreme Court, there is definitely more available to those who know where to look.
