Imaging Life After Death: Love That Moves the Sun and Stars

Kathleen R. Fischer

Imaging Life After Death: Love That Moves the Sun and Stars Kathleen R. Fischer

The author centers her book on the three questions fundamental to belief in life after death: "What survives death? Do relationships continue beyond death? How does life now relate to life then?" Within this construct, she soberly and lyrically rethinks the meaning of soul, presence, transformation, discussing the imagery of the afterlife--light, fire, seeds, butterflies, angels--and the use of portents of the divine found in nature, and experiences of beauty, justice, love, humor and hope, all the while emphasizing that focus on the afterlife, does not absolve us of our commitment to our present life. She shows the same compassionate allegiance to the dying and grieving, in a singular discussion. Completing her work are end chapter prayers and reflections, extensive annotated bibliography and suggestions for further reading. A work of "grace and imagination," IMAGING LIFE AFTER DEATH is an invaluable resource for anyone trying to fathom a question as mysterious and perplexing as the afterlife, and anyone caring for the dying or grieving.

Do you want to try this extraordinary spending spare time activity?

Charles Lee:

You can spend your free time to learn this book this publication. This Imaging Life After Death: Love That Moves the Sun and Stars is simple to create you can read it in the area, in the beach, train as well as soon. If you did not get much space to bring the particular printed book, you can buy the e-book. It is make you simpler to read it. You can save the actual book in your smart phone. And so there are a lot of benefits that you will get when you buy this book.

Teresa Burns:

As a student exactly feel bored to reading. If their teacher questioned them to go to the library or even make summary for some e-book, they are complained. Just tiny students that has reading's heart and soul or real their hobby. They just do what the trainer want, like asked to go to the library. They go to there but nothing reading really. Any students feel that reading through is not important, boring and can't see colorful pictures on there. Yeah, it is being complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever we wish. Likewise word says, ways to reach Chinese's country. Therefore this Imaging Life After Death: Love That Moves the Sun and Stars can make you sense more interested to read.
