**The Western Humanities Volume 1** Roy Matthews, DeWitt Platt, Thomas Noble

Chronologically organized, *The Western Humanities* presents the cultural achievements of western civilization--art and architecture, music, history, literature, philosophy, theater, film and the other arts--within their historical context. By examining the historical and material conditions that influenced the form and content of the arts and humanities, the authors provide students with a clear framework, a deeper understanding of the meaning of cultural works, and a broader basis for analyzing and appreciating the cultural achievements of the West. Hundreds of illustrations bring the arts and humanities to life, while extensive pedagogy consistently asks students to think about, interpret, and apply the information throughout the text and at the end of each chapter.
