This is a fun, upbeat story about a little car that meets a new challenge in life. Rudy, The Little Red Sports Car, is not feeling well one day and his owner Bob takes him into a garage for a checkup. Bob learns that he has to make some adjustments in the way he drives his little car. Rudy's automatic transmission (the pancreas) is broken and Bob now has to use a manual transmission. Bob also has to add a special additive to the oil (insulin). There are many parallels to diabetes but the main message in this upbeat tale is that life with diabetes can go on as usual - just with a few adjustments. This book could also be used by an adult with diabetes to help a child understand what an individual with diabetes experiences every day.
