"I believe a man's worth cannot be defined solely by his goodness but also by his desire to battle that in him which is not good." To the outside world, George Vandenberg has it all--wealth, social standing, and a beautiful wife and family. But George is teetering on the edge of a nervous breakdown, haunted by the memory of the woman he once loved and "accidentally" killed. When his psychiatrist turns up dead, brutally stabbed to death in his office, George emerges as the primary suspect even as he becomes a target himself. To prove his innocence, George must face his doubting wife, an unyielding detective determined to find the truth, and the past he's been unable to forget.
