Charles Cumming

A Spy by Nature: A Novel (Alec Milius) Charles Cumming

"Tautly written, cleverly plotted...it reminded me strongly of the early books of John le Carré" -- Robert Harris, author of *The Ghost* and *Fatherland*

"Charles Cumming is a man put on earth to perpetuate the spy thriller." --*The Daily Telegraph*

"...supremely intelligent and utterly readable...Smartly paced and intricately plotted, Cumming's decidedly unglamorous look at industrial espionage provides plenty of elaborate deceptions, double crosses and other trappings of a first-class spy thriller." --*Publishers Weekly* (starred review)

Alec Milius, a recent graduate of the London School of Economics, is young, smart, and a bit of a slacker, stuck in a shady job and suffering from a lack of direction. So, when an old family friend offers to put him up for a job in British Intelligence, Alec begins the rigorous selection process for SIS or MI6. Though he doesn't officially make the cut, he is funneled into a prime position at a British oil company with interests in the Caspian Sea. He is directed to befriend Fortner Grice and Katharine Simms, two charismatic employees of Andromeda, a rival American oil firm. Lured into the murky world of industrial espionage, Milius finds himself trapped in a life of secrets and lies, manipulated by MI6 and the CIA, and confronted by the reality of a ruthless business environment in which priceless information can come at the cost of human life. Compellingly told, utterly authentic, and heart-racingly tense, *A Spy By Nature* will grip you until the very last page.
