## Integrating Landscape Ecology into Natural Resource Management (Cambridge Studies in Landscape Ecology)

To achieve sustainable resource management, it is essential to obtain insightful guidance from emerging disciplines such as landscape ecology. This text addresses the links between landscape ecology and natural resource management, discussing these links in the context of various landscape types, diverse sets of resources, and broad ranges of management issues. A large number of landscape ecology concepts, principles, and methods are introduced. Critical reviews of past management practices and a number of case studies are presented. The text provides many guidelines for managing natural resources from a landscape perspective and offers useful suggestions for landscape ecologists to carry out research relevant to natural resource management.
