“The end of the world doesn’t happen with a bang. It takes slightly longer than that but not by much. Research projects, Gross Anatomy class, tests and fancy coffee drinks will cease to be important. The fight for her life will become the only thing that matters.” Reagan McClane is a prodigy med school student on the brink of a brilliant career, but the United States and the rest of the world are headed towards total economic and social collapse. And it doesn’t take more than a few hours for mass crime, looting and pillaging to spread across the country like a plague. A brutal attack at her university leads to a fight for her life before Reagan barely makes it home to the safety of her awaiting grandparents and sisters on their family farm in Tennessee. Three sexy Army Rangers, one of whom is married to Reagan’s eldest sister, will join the McClane family to build their farm into an impenetrable fortress that they will fight to keep, no matter the cost. Reagan will find that defending her hardened, scarred heart against ever letting anyone in again will prove even more difficult than survival as one Ranger, in particular, tries to invade it. The McClane Apocalypse is a story of love, survival and the importance of family during the worst of times imaginable. Look for Book 2 of the trilogy coming in July!
