War On The Eastern Front 1941-1945 : The German Soldier in Russia James Lucas

This book provides very interesting details on subjects rarely addressed on the Russian Front. I loved it. Much has been written about the tanks and infantry, but this book teaches about the self propelled artillery, the rockets, staying warm, marching, terrain etc! This book is unashamed to detail the bravery, endurance, guile, skill and professionalism of the brave German soldier and his equally brave Russian foe. His writing style is excellent, the chapters and topics are short and sweet.
