Wizards: Stories of Mischief, Magic and Mayhem

Before the kids sit down at the computer or turn on the television, hand them Wizards, where they can spend the night next door to a man-eating troll, accompany a boy on his first day at wizard school, or take a ride on the North Wind. The Harry Potter series has created a hunger for great fantasy literature amongst children and their parents, many of whom have never read such masters of the medium as C. S. Lewis, T. H. White, Roald Dahl, or E. Nesbit. Now the editors of the Adrenaline series have moved into a new genre with the same attention to great stories, great characters, and great writing that has made Adrenaline the most successful series of its kind. In addition to the above writers, Wizards draws upon a rich load of forgotten classics (without which there would be no Harry Potter) by such authors as Jane Yolen, George MacDonald, Frances Hodgson Burnett, A. Philippa Pearce, Nicholas Stuart Gray, John Bellairs, and Edward Eager.
