It's 1999 and the world is falling apart at the seams. The sky is afire, the oceans are rising—and mankind is to blame. While the spoils of the 20th Century dwindle, Jack Finnegan lives on the fringes in his decaying mansion, struggling to keep his life afloat and his loved ones safe while battling that most modern of diseases—AIDS.

As the New Millennium approaches, Jack's former lover, a famous photographer reveling in the world's decay, gifts him with a mysterious elixir called *Fusax*, a medicine rumored to cure the incurable AIDS. But soon, the "side effects" of *Fusax* become more apparent, and Jack gets mixed up with a bizarre entourage of rock stars, Japanese scientists, corporate executives, AIDS victims, and religious terrorists. While these larger players compete to control mankind's fate in the 21st Century, Jack is forced to choose his own role in the World's End, and how to live with it.

Originally published in 1997, *Glimmering* is a visionary mix of fantasy and science fiction about a world in which humanity struggles to cope with the ever-approaching "End of the End."
