Pepper's Crossword Puzzle Helper Ann Culpepper

This book has over 17,000 alphabetized entries obtained from working puzzles over the years. These entries include clue words, phrases, quotations etc. and some of their possible answers. A space is left after each definition for you to fill in new definitions as you find them. I used the spelling found in puzzles although I have found some discrepancies. Some apostrophes and quotation marks are used but not all since they are not in puzzle answers. Some words and/or answers may be found in more than one place, but not always. This book is not a dictionary with extensive definitions; I just call it a puzzle helper.
