Interested in having a well-trained Golden Retriever?

Learn basic tips and tricks today with this new ebook, exclusively for the Kindle, that will make training your new best friend a breeze.

While Golden Retrievers are among the friendliest of canine companions, their size and overly affectionate nature can make them a handful if not trained properly. You simply cannot have an untrained Golden.

With the training covered in this book you'll learn how to teach your pet to sit...stay...lie down...and walk on a loose leash, plus lots more!

A well-mannered pet can be a life-saver when guests come for a visit, or preventing your favorite shoes from being torn to pieces. It's no secret that Goldens love to chew on things -- the "chewing question" is covered in detail in this book.

Plus, learn more about the rich history of this great breed, and what to look for in temperament and appearance.

The information you'll get here is worth many times the small price of this book. After all, you could expect to pay a trainer hundreds of dollars to get the same results covered in this book.

Get your hands on this ebook today! And please leave a review and "like" the book when you're done.

Thanks, and Happy Training!
