Venice: History of the Floating City

Joanne M. Ferraro

Venice: History of the Floating City Joanne M. Ferraro

This book is a sweeping historical portrait of the floating city of Venice from its foundations to the present day. Joanne M. Ferraro considers Venice's unique construction within an amphibious environment and identifies the Asian, European, and North African exchange networks that made it a vibrant and ethnically diverse Mediterranean cultural center. Incorporating recent scholarly insights, the author discusses key themes related to the city's social, cultural, religious, and environmental history, as well as its politics and economy. A refuge and a pilgrim stop; an international emporium and center of manufacture; a mecca of spectacle, theater, music, gambling, and sexual experimentation; and an artistic and architectural marvel, Venice's allure springs eternal in every phase of the city's fascinating history.
