Gregor Dragonsbane was a knight with a quest. He wasn't to slay a dragon or fight an army. He didn't have to journey far and wide to recover a relic or save a damsel. It was far more dangerous than that. In order to save his king from treachery, the roguish young knight had to submit to magic and let his manhood fade away. Only by transforming into a beautiful young woman could he serve as bait for the viper hiding in the King's Court, but would the challenge prove too great for the man to handle?

To Trap a Traitor is an erotic fantasy of 11,000 words filled with romance, sword-play and betrayal that features the magical gender transformation of a man into a woman. A break from my usual tales of dickgirl/futa/shemale lust I hope you find it as thrilling to read as I did to write!
